Dear Ms. Dortch:

Nebraska Central Telephone Company (NCTC) hereby submits this Expression of Interest in the above-referenced proceeding. NCTC is a rural local exchange carrier headquartered in Gibbon, NE and serves portions of fifteen (15) counties in central Nebraska.

NCTC proposes to offer broadband Internet service as part of the rural broadband experiments in the following census tracts as identified by the Wireline Competition Bureau in its Public Notice released on February 6, 2014.

310199689 in Buffalo County, NE
310199691 in Buffalo County, NE
310419720 in Custer County, NE
310790001 in Hall County, NE
310939705 in Howard County, NE
310939706 in Howard County, NE
311639701 in Sherman County, NE
311759713 in Valley County, NE

NCTC will identify specific unserved census block numbers it proposes to serve in the formal proposal stage should NCTC elect to participate in such process.

NCTC will deploy broadband services via digital electronics over fiber optic cable. Customers will have the option to purchase broadband data, voice or combined voice and data services. Pricing of the services will range from approximately \$50/month and upward depending on the specific services that are ordered by the customer.

NCTC may be interested in participating in the FCC's rural broadband experiments, subject to a more comprehensive understanding of the terms and conditions of the program. NCTC's participation in the FCC's rural broadband experiment in the identified service area(s) will be contingent on sufficient and predictable one time and/or recurring support to economically serve the identified areas.

Please do not hesitate to contact me at (308) 468-6341 or ajader@nctc.net if you have any questions regarding this submission.

Respectfully submitted,
